Incentives | Meetings | Events | Conferences

Choosing the right destination for  
your MICE organisation takes a lot of  
time!

So choosing the right partner!!

## ***iMEC Planet***

Incentives | Meetings | Events | Conferences

As we have evolved as a company, we have come to realise that our love lies not in booking tour packages, but in showcasing the unique experiences across the nations we serve. We realised that there are many secret corners of our world, rare moments, mysteries and stories.

Our company owned by a family, but run professionally. We have hierarchical systems which are driven by our core family values. We have come to understand we do not want to be the largest company globally. We have never tried to be the richest or the most influential. I say, we just want to be the bestest in what we do.

We are a family tradition for over three decades that have been highlighting this part of the planet. All over Indian sub-continent, we have grown to become a popular, valued and autonomous DMC providing the finest cultural experiences, personal immersions and natural wonders. We are here to build stories for our clients, tales of love, of wonderful excitement. We are proud of our past and its legacy.

# Why Choose iMEC Planet?

One Company. One Family. One Passion.

Yes, India is our home — we're fortunate to call it that — and we're thrilled to share it with our valuable guests. We raised our children in the Mehrauli District of New Delhi, quite close to famous Qutub Minaret. And we began and built our company here in the land of our birth. So you see, when you travel with "Sanyog Gupta Voyages" you're travelling with more than just a company — you're travelling with our family. ALL THE TIME. EVERY TIME.

The company is being managed by experts of tourism industry. iMEC Planet is a brand taken off by a dynamic and versatile team of people operating under the name Sanyog Gupta Voyages. The idea conceived and brought into force by the veterans of tourism industry who have contributed a lot ever since the inception of MICE in India took place.

Company is focused at delivery strictly as per the commitments. Anything more, is considered as a contribution towards company's customer delight. iMEC Planet have many years of experience in the sharp end of the hotels & tourism industry, corporate support, international sales and marketing and event organisation and promotion.

# Let us take care of your BIG DAY

One of the most memorable events in a couple's life is their wedding. Although, many of you might want a simple ceremony. But there are a few who would like to try something different. A destination wedding is one such popular trend that has been catching up a lot over the years.

With numerous exotic locations all over the world, it has now become easy for couples to choose a place as per their wedding theme or liking. Apart from being excellent destination wedding locations, these cities are also famous for their travel activities.

So you've made it past the awkward first date, meeting the parents and the nerve-racking proposal. Your future husband or wife has said 'yes' and all that's left to organise is the wedding. While this may seem like a small final detail, planning a wedding, and more importantly, choosing a wedding location, is no easy feat.

## Wedding Preparation

We offer excellent wedding services to our clients. Whether you are looking for a royal wedding or a beach wedding, we make arrangements for your wedding. Choosing the wedding venue, budget, making invitation card, flower decoration & wedding music, we offer expert services for planning the perfect wedding.

A young woman with blonde hair styled in waves is smiling brightly from the driver's seat of a car. She is wearing a white, off-the-shoulder lace dress. Her right hand is raised near her face, showing a ring on her ring finger and a thin gold bracelet on her wrist. Her fingernails are painted with a pink and white floral design. The car's interior and window frame are visible, and the background is blurred, suggesting motion or a shallow depth of field.
